

Bona Belt HD

Technical data sheet

The Bona Belt HD sanding machine makes big jobs seem small. It is a true heavy-duty machine with tremendous power and effectiveness. The unique dual-speed pulley system and infinite drum pressure adjustment guarantee optimum sanding quality regardless of wood species. It can be easily disassembled into three parts, and quickly reassembled. Power, reliability and capability as an effective all-around belt sander. For optimal dust reduction, the Bona Belt HD is compatible with Bona DCS 70 (Bona Dust Containment System).

Application

For sanding of all kinds of wooden and parquet floors, especially effective on big surfaces and heavy-duty applications

Key Benefits

- Heavy weight for powerful sanding
- Dual speed for optimum sanding result
- Infinite pressure adjustment: up to 50% of its weight can be adjusted to the sanding drum
- Easy fitting and changing of paper, no tools needed
- Can fit distressing drums to texture wood floors on site
- Dust containment ready
